3 THE BUDGET

3.1 EXECUTIVE SUMMARY

The 2011/12 budget has been prepared in accordance with the New Budget Reform Regulations. In terms of these regulations multi-year budget is prepared spanning over three (3) years with the actual activities for the past three years. The 2011/12 to 2013/14 budget preparation commenced in August 2010 after Council approved a timetable for the IDP and Budget preparation process.

The Budget comprises both Operating and Capital budget, which is a requirement of the Constitution and the Municipal Finance Management Act (MFMA). The Operating Budget is the largest component of the budget that includes the provision of services, such as electricity, health, refuse collection, etc.

One of the objectives of the budget timetable is to ensure integration between the development of the IDP and the budget. This is critical to enable the achievement of IDP objectives.

The budget is further guided by Circular 55 provided by National Treasury informed by the 2011/12 Medium Term Revenue and Expenditure Framework (MTERF) policy statement, the State of the Nation address and the Division of Revenue Bill on the following issues:

2011 Local government elections and the budget process

The adjustment on the process plan had to be done to accommodate the local government elections this year. In terms of the section 16 of the MFMA a municipal council must approve the annual budget before the start of the financial year. To avoid the campaigning period, which is likely to coincide with the budget process, it is advisable that the budget approval be finalized by end of April 2011.

National outcomes

In January 2010, Cabinet adopted 12 outcomes within which to frame public –service delivery priorities and targets. Cabinet ministries have signed performance agreements linked to these outcomes. All municipalities are then expected to take the 12 outcomes into consideration when reviewing IDP and developing the annual budgets.

Financial implications of the demarcation process

The demarcation process has created an extra ward to our municipality to be 17 now. Although there is not much financial implication due to this process, the municipality will accommodate two more councilors in the budget.

Municipal Budget and Reporting regulations

The budget and reporting regulation were introduced in the previous financial year. It is now compulsory that all municipalities are reporting in terms of these regulations. Indeed this municipality is submitting this budget according to the regulations as attached.

Headline inflation forecasts

1. The headline inflation forecast for 2011/12 is 4.8 per cent. Municipalities must take this into consideration when preparing their budgets.
2. Municipalities should also take into account the wage agreement SALGA concluded with municipal workers unions on 31 July 2009.

Revising rates, tariffs and other charges

3. Municipalities must explore imaginative ways of structuring the tariffs for utility services to encourage more efficient use of these services and to generate the resources required to maintain, renew and expand infrastructure.
4. National Energy Regulator of South Africa (NERSA) issued a guideline to increase the electricity bulk tariff for municipalities by 20.38%.
5. All municipalities should aim to have appropriately structured, cost-reflective water tariffs in place by 2014.
6. COGTA has prescribed a ratio with respect to public benefit organizations and Public Services Infrastructure (PSI) relative to residential properties.
7. Publication of multi –year tariff is encouraged

Funding choices and management issues

8. Municipal revenues and cash flows are expected to remain under pressure in 2011/12 and so municipalities should adopt a conservative approach when projecting their expected revenues and cash receipts.
9. Municipalities must pay special attention to controlling unnecessary spending on nice-to have items and non-essential activities, such as foreign travel, councilor and staff perks, advertising and public relations activities.
10. Municipalities must also ensure that their capital budgets reflect consistent efforts to address the backlogs in basic services and the refurbishment of existing network services.
11. Allocations to “Mayoral Discretionary Funds”, “Special Projects”, “Special Events” or similar discretionary type funds are discouraged.
12. Municipalities are urged to allocate all Ward Allocations in tabled and approved budgets.

The following headline inflation forecasts underpin the national 2010/11 Budget:

Fiscal year		2009/10 Actual	2010/11 Estimate	2011/12	2012/13 Forecast	2013/14
Headline Inflation	CPI	6.3%	4.2%	4.8%	5.3%	5.5%

Municipalities are expected to prepare a three year budgets that are sustainable in terms of being funded from realistically anticipated revenue to be collected. As a result this budget has been prepared taking into account the current economic crisis and the economic outlook going forward.

The budget can be summarized as follows:

Operating Budget								
Total Revenue	52,768	90,100	129,325	100,935	113,663	117,731	126,045	13%

Operating Budget

The Operating budget totals R113 663 000 which funds the continued provision of services provided by the municipality

Funding is obtained from various sources. The major sources being property rates (17.4m), electricity (R11.0m), refuse (R5.6m) and grants and subsidies from National and Provincial Governments (R66.1m)

The major expenditure items are employee costs, Bulk electricity purchases, contracted services, repairs and maintenance, general expenses, grants and subsidies paid, and impairment of assets.

In order to support the 2011/12 Operating budget the following increase in rates and services charges have been proposed with effect from 1 July 2011:

Property Rates	-	8%
Refuse	-	8%
Electricity	-	20.38%

As per NERSA's guideline it is insisted that municipalities must introduce the Inclining Block Tariff in c/kWh for 2011/12. As a result of using NERSA's municipal tariff benchmark the electricity tariff is proposed as follows:

kWh	NERSA's benchmark	Current tariff	Proposed	Customers
0 - 50	58	72.60	58	27
51 - 350	67	72.60	67	229
351 - 600	93	72.60	72.60	475
>600	109	72.60	98	137

The proposed property rates tariffs for 2011/12 is tabled below.

The budget related policies have been adhered to in the development of the budget.

3.1.2 BUDGET PROCESSES

Legislative requirements: The MFMA sets out key legislative requirements for the municipal budget process. These comprise the following:

Timing: The Mayor must table the annual budget of the municipality at a council meeting at least 90 days before the start of the budget year. The council must consider approval of the annual budget at least 30 days before the start of the budget year. This was however realigned, as a result of the municipal elections.

Consultation on the tabled budget: The budget documents were made public immediately after being tabled in council. This included posting the information on the municipal website and placing the budget at municipal public places. The requirements of the MFMA to seek views on the tabled budget from the under mentioned stakeholders has been adhered to:

- The local community
- The relevant district municipality
- Other local municipalities within the area
- The relevant provincial treasury
- National departments and
- Providers of bulk services

3.1.3 BUDGET ASSUMPTIONS

In preparing the budget the following assumptions were adopted:

- **7.2% Salary increase**

The maximum percentage increase has been adopted as per the guide by Circular 55 from National Treasury. However the negotiations at the Bargaining Council are the reason to budget for 7.2%.

- **Departmental proposals**

Management has been consulted and played a participatory role in inform the budget inputs where zero based budgeting principle was used.

- **Integrated Development Plan**

Integrated Development Plan is the source of all the activities by the Municipality.

- **Actual expenditure 2010/2011**

Prior year's activity was used as a basis for future plan of action.

- **Circular 55**

National Treasury issued Circular 55 as a guide in terms of National priorities, indicative macro economic forecast and requirements for 2011/12 MTERF timeline and submissions

- **Division of Revenue Bill and Provincial Gazette**

Division of Revenue Bill gives allocations that are given by National Treasury in a form of Equitable Share to Municipalities.

- **Generally Recognized Accounting Practice**

It is also assumed that the municipality will be fully compliant with the reporting standards. It is therefore imperative that the allocation be provided for depreciation.

- **Bulk Purchases**

The 20.38 % electricity tariff increase by ESKOM .

3.1.4 INTEGRATED DEVELOPMENT PLAN

The IDP review process is finalized based on the community consultation process as is required by legislation. The IDP includes specific deliverables that forms the basis for the Budget and SDBIP.

3.1.5 ALIGNMENT OF BUDGET WITH IDP

The Mandeni Municipality is confident that the public participation has been the cornerstone of the preparation of the 2011/2012 Budget. With the preparation of the 2012 budget the Municipality consulted a number of community based structures and use mechanism, processes and procedures which are used to encourage public participation in matters of Local Government.

Participation and consultation took place at different levels. Through these public meetings in forums and ward committees comments were received and reviewed by the Mayor before finalizing the budget. Some of these comments includes the following:

- All pensioners regardless of the source of pension must benefit on rates rebates
- The gazette on rates ratio for Residents vs Agriculture, special properties and Public Service Infrastructure
- The representation by farming community on rates tariff in consideration of services provided to farms
- Budget for the ward committee is not enough to cover previous years shortfall
- Rural community on basic infrastructure on water, electricity, roads and housing
- Concerns about the accessibility of the municipal rebates to needy people

4.8 INTEGRATED DEVELOPMENT PLAN (IDP)

The key over-arching six key objectives and how they are linked with the 5 year Local Government Strategic objectives are reflected in the table below:

KEY OBJECTIVES	KEY ISSUE
<u>Good governance and community participation</u>	The strategy is aimed at ensuring that effective mechanisms and procedures for vibrant governance are the corner stone of the development. And therefore in all our efforts as we advance with our mission to eradicate poverty, strengthen Economy and delivery of basic services continued participation of the masses shall govern.
<u>Financial viability and financial management</u>	The strategy aims to ensure that the Municipality increases its revenue base by strengthening debt collection and putting in place sound financial managements practices.
<u>Local Economic Development</u>	A strategy has been developed to stimulate economic growth and development, with particular focus on Tourism & Property development, Agriculture Development, Industrial Development. The focus shall remain in contributing in poverty eradication and job creation for woman and youth.
